Building and Room Use

Animal Control

Unless permission is granted by the library staff, all animals with the exception of “service animals,” are not allowed in the library. Animals entering the library must be accompanied by their owners and be on a leash.

Cell Phones

Cell phones must be set to “vibrate.” Earbuds, headphones, and other devices that minimize cell phone volume should be utilized in the library. This is especially true in the upper level (third floor) which is the quiet zone of the library. Please carry on conversations discreetly or move to the lobby or stairwells for extended conversations.

Destruction of Library Property

The library staff reserves the right to report destructive behavior within the library by Lyon College students to campus security. Similarly, guests may be restricted from using the library if they demonstrate destructive or threatening behavior.

Food, Drinks, and Tobacco

Food and drinks are allowed in the library. Drinks must have lids. Smoking, chewing, and snuff tobacco are not permitted in the building. There is a smoking area on the north porch of the library, which faces the dorms.

Group Study Rooms

The library has a limited number of group study rooms that are suitable for collaborative research. The rooms are available under a “first come first served” policy. Food and drinks are permitted in the group study rooms, but not tobacco products.

Signage and Library Bulletin Boards

Flyers and posters are only permitted on the front doors of the library and on the bulletin boards located in the lobby. It is up to the discretion of the library staff how long or even if items may be posted.

Unattended Children

Children under 12 should be accompanied by a responsible adult.
