Instruction and Scheduling Policy

The Mabee-Simpson Library has a commuter lounge on the upper level of the building that seats about 22 comfortably for library instruction. Any professor who wishes to have bibliographic instruction for a class should contact Camille Beary at x 7444 to make suitable arrangements. A portable projector and laptop are used as instruction aids. Students are encouraged to bring their personal computing devices to the session for researching.

Librarians can also go to classrooms around campus for onsite instruction. Please call Mrs. Beary for assistance.
